Sundem Stratton's best selling texts emphasize decision making throughout each chapter. Decision making is introduced in the early text chapters and also appears in many of the text features. Making Managerial Decisions boxes, critical thinking exercises, and more. As always, students develop a solid understanding of costs and cost behavior and the use of cost information for planning and control decisions, not just inventory valuation. Two text versions enable faculty to select a text that only covers management accounting concepts (Chs 1-14) or one that includes three chapters of financial accounting review (Chs 1-17). New OneKey provides the convenience of having all text resources in a single location and available in your choice of course management platform: BlackBoard, WebCT, and CourseCompass. OneKey also includes PH Grade Assist, on-line homework with automatic grading, and infinite practice for students.

**Performance Measurement and Management** Malcolm Smith, 2005-04-09. Management accountancy has a dynamic role to play in the competitive strategy of modern global businesses. This book sets out key strategic principles and then assesses how management accountancy can affect and direct these strategies. Engaging case studies reveal how theories and concepts translate into real business practice. Throughout the book emphasizes how accounting initiatives can trigger assessment and improvement of performance management, the importance of managerial decision making to good business practice, how today's management accountancy measures against current research. Written for advanced undergraduate, postgraduate, and MBA students taking courses on management accounting and performance measurement and management, the book will be also of interest to management and business consultants, professional accountants, and accounting academics.
