international financial centres IFCs London is known as the Western hub of Islamic Finance on account of its well developed legal infrastructure However Brexit has threatened London s status and consequently the financial services industry is moving to Dublin to continue operating in the Euro region Similarly Islamic finance IF service providers in the UK are also looking to Dublin for expansion of this niche area in euro member states This is the first book to be written about Islamic finance operations in the Eurozone The book offers an in depth description of International Financial Centres and the growth of Islamic Finance compares the growth of Islamic finance in London Dubai and Kuala Lumpur outlines the implications of Brexit for financial service providers in London in general and Islamic investors in particular and also presents a case study of Ireland to establish the latter as the most appropriate country to promote IF in the Eurozone The time is particularly right for a book exploring the potential of Ireland to emerge as a Eurozone hub of Islamic finance as a result of Britain s exit from Europe The book will cater to the needs of readers studying IF in the disciplines of economics business law and religion A secondary market includes practitioners such as policymakers lawyers fund managers accountants regulators and international investors who will be interested in exploring the benefits that the UK and Ireland have to offer the Islamic finance industry

Foundations of Shari'ah Governance of Islamic Banks Karim Ginena, Azhar Hamid, 2015-02-27 A practical guide for robust shar ah governance of the Islamic banking industry Debate in the market on the extent of shar ah compliance of Islamic banks their products and activities has piqued stakeholders interest In Foundations of Shar ah Governance of Islamic Banks Karim Ginena and Azhar Hamid explore the depths of shar ah governance to unravel its mysterious dimensions and equip academics and practitioners with a solid understanding of the subject which has become a serious challenge and thus deserves dedicated attention The authors make a strong case for the need to contain the shar ah risk that Islamic banks experience and present a compelling argument for how this should be done Ginena and Hamid propose a robust shar ah governance model that comprehensively tackles this risk and helps improve the extent of shar ah compliance of market players The authors detail the internal external and institutional arrangements needed to promote responsible shar ah governance and critically analyze current laws regulations and industry practices on the topic The chapters of the book do the following Examine the roots characteristics and objectives of shar ah and its relation to financial dealings Probe the role of

regulators in shari'ah governance explore the different approaches adopted by banking supervisors and provide examples of relevant legal and regulatory measures. Explain to bank directors and management the fiduciary duty they assume with respect to shari'ah compliance and detail how they could discharge this responsibility in line with best practices. Elaborate on the purpose of the Shari'ah Supervisory Board (SSB) its responsibilities, competence, criteria, internal regulations and key governance guidelines. Additionally, they explore different SSB models. Describe the internal shari'ah control system including its six components and examine the internal shari'ah audit function as well as different stages of conducting a shari'ah audit. Clarify the role of a shari'ah auditor with guidance on reporting lines, scope of duties, authority and practical ways on fulfilling tasks such as a sample shari'ah risk assessment grid and audit checklists. Discuss the newly emerging external shari'ah advisory firms that are expected to play a key role in the coming years and the services they provide. Through an effective treatment of each of these elements and the way that they interact with one another, the book offers a fresh take on how robust shari'ah governance of Islamic banks can be successfully accomplished. It is a comprehensive resource for academics, regulators, directors, lawyers, auditors, consultants, employees and customers of Islamic banks interested in learning more about these challenges. This essential reading persuasively extends the discourse on the subject and addresses critical shari'ah issues that have policy implications for decision makers in jurisdictions aiming to attract the fast growing Islamic finance industry or increase their market share.

Islamic Banking and Finance Hasan Zubair, 2023-02-22. This book discusses the nature and theories which govern systems of Islamic finance including its most distinctive features and its relationship with conventional financial institutions. It explores the nature and role of money in modern economies and elaborates on the process of credit deposit creation, trade cycles and instruments for the creation of value in financial markets through the perspectives of Islamic finance. The author explains its characteristics, especially the rationale for the lack of interest-based financial activities. He examines the intrinsic ethical and humanistic frameworks that govern financial theories and practices and the models for the creation of value, risk sharing and socially responsible investing as well as the governance and regulation that these systems follow. The author also does a comparative assessment of conventional financial systems with Islamic finance with relevant examples, assesses the performance of Islamic systems and examines existing and expanding markets for Islamic finance. Lucid and cogent, this book is useful for scholars and researchers of Islamic finance, Islamic studies, economics, banking and finance in general.

An Overview of

Islamic Finance Mr.Mumtaz Hussain,Asghar Shahmoradi,Rima Turk,2015-06-02 Islamic finance has started to grow in international finance across the globe with some concentration in few countries Nearly 20 percent annual growth of Islamic finance in recent years seems to point to its resilience and broad appeal partly owing to principles that govern Islamic financial activities including equity participation and ownership In theory Islamic finance is resilient to shocks because of its emphasis on risk sharing limits on excessive risk taking and strong link to real activities Empirical evidence on the stability of Islamic banks however is so far mixed While these banks face similar risks as conventional banks do they are also exposed to idiosyncratic risks necessitating a tailoring of current risk management practices The macroeconomic policy implications of the rapid expansion of Islamic finance are far reaching and need careful considerations Accounting and Auditing Standards for Islamic Financial Institutions Mohd Ma'Sum Billah,2021-11-29 While accounting and audit functions are significantly regulated and standardized in conventional financial industries and activities through the implementation of International Accounting Standards and International Financial Reporting Standards as well as other international regional and local regulations this is not the case for Islamic financial organizations Rather than having their own set of comprehensive accounting or auditing standards or policies these are based in some cases on the Accounting and Auditing Organization for Islamic Financial Institutions AAIIFI the Islamic Financial Services Board IFSB s standards and Shari ah based local policies This book is a timely and comprehensive overview of accounting and auditing standards within the doctrine of Shari ah It offers a significant contribution to the field and a wealth of technical know how It analyzes Islamic accounting and auditing both in theory and practice and from a distinctly international perspective The chapters are arranged in a systematic and logical way making it easily accessible and engaging The book evaluates the existing standards and widens the scope of the discourse to include Maqasid al Shari ah Islamic accounting and audit models and standards as well as offering practical policy recommendations The author presents a Shari ah justified solution to Islamic Accounting and Audit and offers guidance on overcoming the challenges to implementing Islamic Accounting and Auditing Standards The book is a unique and exhaustive guide and as such will be an invaluable resource for academics researchers students policymakers as well as practitioners in accounting and auditing firms and financial institutions **The Report: Abu Dhabi 2011** ,2011
