November's Fury Michael Schumacher, 2013-11-01 On Thursday November 6 the Detroit News forecasted moderate to brisk winds for the Great Lakes On Friday the Port Huron Times Herald predicted a moderately severe storm Hourly the warnings became more and more dire Weather forecasting was in its infancy however and radio communication was not much better by the time it became clear that a freshwater hurricane of epic proportions was developing the storm was well on its way to becoming the deadliest in Great Lakes maritime history The ultimate story of man versus nature November's Fury recounts the dramatic events that unfolded over those four days in 1913 as captains eager or at times forced to finish the season tried to outrun the massive storm that sank stranded or demolished dozens of boats and claimed the lives of more than 250 sailors This is an account of incredible seamanship under impossible conditions of inexplicable blunders heroic rescue efforts and the sad aftermath of recovering bodies washed ashore and paying tribute to those lost at sea It is a tragedy made all the more real by

the voices of men now long deceased who sailed through and survived the storm and by a remarkable array of photographs documenting the phenomenal damage this not so perfect storm wreaked The consummate storyteller of Great Lakes lore Michael Schumacher at long last brings this violent storm to terrifying life from its first stirrings through its slow mounting destructive fury to its profound aftereffects many still felt to this day
