Science, the Endless Frontier Vannevar Bush,2021-02-02 The classic case for why government must support science with a new essay by physicist and former congressman Rush Holt on what democracy needs from science today Science the Endless Frontier is recognized as the landmark argument for the essential role of science in society and government s responsibility to support scientific endeavors First issued when Vannevar Bush was the director of the US Office of Scientific Research and Development during the Second World War this classic remains vital in making the case that scientific progress is necessary to a nation s health security and prosperity Bush s vision set the course for US science policy for more than half a century building the world s most productive scientific enterprise Today amid a changing funding landscape and challenges to science s very credibility Science the Endless Frontier resonates as a powerful reminder that scientific progress and public well being alike depend on the successful symbiosis between science and government This timely new edition presents this iconic text alongside a new companion essay from scientist and former congressman Rush Holt who offers a brief introduction and consideration of what society needs most from science now Reflecting on the report s legacy and relevance along with its limitations Holt contends that the public s ability to cope with

today's issues such as public health, the changing climate and environment, and challenging technologies in modern society requires a more capacious understanding of what science can contribute. Holt considers how scientists should think of their obligation to society and what the public should demand from science, and he calls for a renewed understanding of science's value for democracy and society at large. A touchstone for concerned citizens, scientists, and policymakers, *Science the Endless Frontier* endures as a passionate articulation of the power and potential of science.

**Financial Accounting** Carl S. Warren, Jim Reeve, Jonathan Duchac, 2015. Market leading Warren Reeve Duchac's FINANCIAL ACCOUNTING has been on the forefront of innovation and change based on the needs of today's teaching and learning environment. Warren Reeve Duchac's FINANCIAL ACCOUNTING 14E and CengageNOWv2 help elevate thinking with content that addresses each stage of the learning process from motivation to mastery. This integrated system motivates students to learn, provides practice opportunities to better prepare for exams, and helps students achieve mastery with tools to help them make connections and see the big picture. The Complete Learning System in FINANCIAL ACCOUNTING and CengageNOWv2 is built around the way students use textbooks and online resources to learn, study, and complete homework, allowing them to achieve ultimate success in this course. New to this edition, the authors have created innovative content that is focused on unique student and instructor needs before and after lecture, and the type of activities best suited to each point in learning. New content such as the author-written Dynamic Exhibits allow students to change the variables in a scenario and see how a change ripples through the accounting system, helping students understand how concepts relate to one another.
