Updates in Therapeutics 2015 ,2015-04-10 Clinical Pharmacist's Guide to Biostatistics and Literature Evaluation

Robert DiCenzo,2011 Whether you are interpreting the medical literature to optimize patient care improve health outcomes or generate hypothesis for research an understanding of biostatistics is essential for success Despite exposure to biostatistics in undergraduate and professional education pharmacists tend to be less confident in their knowledge of biostatistics and their ability to interpret the medical literature than in their clinical skills This book was developed to bolster the pharmacist s knowledge and confidence for using biostatistical tools for interpreting the literature With material drawn from ACCP s renowned Pharmacotherapy Self Assessment Program PSAP and the live pharmacotherapy preparatory course Updates in Therapeutics editor Robert DiCenzo Pharm D FCCP BCPS has designed this review to support pharmacists preparation for the Pharmacotherapy and Ambulatory Care Board of Pharmacy Specialties BPS examinations *ACCP Flip Cards* Michelle

L. Kucera,2014-04-01 **Infectious Disease Pharmacotherapy Self Assessment** Lea S. Eiland,Diane B.

Ginsburg,2015-07-01 Infectious disease ID is a constant concern for pharmacy clinicians with far too few specialists to meet the demand That means that while more and more pharmacists are seeking the added qualification in infectious disease along with other Board Certifications many clinical pharmacists have to meet a higher standard as de facto ID specialists Further treatment of infectious disease involves a good deal of grey area which means that even the experts need a way to verify their mastery Now Infectious Disease Pharmacotherapy Self Assessment by Lea Eiland and Diane Ginsburg bring you thorough and relevant cases where questions are delivered with varying degrees of difficulty allowing you to truly gauge your level of understanding of complex ID pharmacotherapy problems Three levels of difficulty offers users a way to assess their mastery of ID topics *Bcps Bullets* Eric Christianson,2017-03-07 Updates for 2019 We ve updated and added some content in the following disease states Acid Base Disorders Bipolar Disorder Breast Cancer CHF Chronic Kidney Disease Clostridium Difficile Crohn s DVT PE Depression Diabetes Gout Migraines Hyperlipidemia Hypertension PUD Meningitis Osteoporosis Parkinson s PAD Rheumatoid Arthritis Sepsis Sexual Dysfunction Shingles STD s Vaccines If you talk to anyone who s taken the BCPS exam you ll quickly understand that the BCPS exam will likely be the most challenging exam you ll ever take You need all the resources you can get to make sure you are prepared In addition to the exam being very difficult you are likely a busy professional with very minimal free time I ve always had a hard time staying focused while studying from large review article type study guides and have squandered hours reading while retaining very little This book is intended to be a crash course cheat sheet overview of the most highly testable material I wanted to remember the really important stuff because I know it is impossible to know every minute detail BCPS Bullets the Condensed BCPS Study Guide will help prepare you for the exam as well as help you maximize your study time We covered over 100 disease states straight from the BCPS content outline provided by BPS and included important pearls for each condition including assessments risk factors most commonly

used drugs of choice must know adverse effects miscellaneous clinical pearls notorious drug interactions warnings and precautions and of course relevant labs I wanted to cover each disease state in 1-2 pages to try to ensure you are reviewing the most relevant content We did go over 2 pages on some disease states but we did our best to keep the information concise and critical for you to know in your preparation to becoming a Board Certified Pharmacotherapy Specialist The book is over 300 pages but it is in bullet point format and very easy to digest multiple disease states at a sitting There is also some white around the margins to take additional notes or highlight essential information to remember As many of you are aware from the content outline the BCPS exam is not all clinical In addition to the disease states on the BCPS content outline we've also included sections on biostatistics as well as important regulatory issues I can assure you that there is no doubt this book will help in your preparation to becoming a BCPS pharmacist The Board Certified Pharmacotherapy Specialist BCPS is a designation from the Board of Pharmacy Specialties The contents within this study guide are not affiliated or endorsed by the Board of Pharmacy Specialties
