Yellowstone Caldera Charlotte Lewis,2021-03-08 While growing up we seldom ever think about how our life is going to end Sometimes maybe we think when but seldom how After the eruption of the caldera called Yellowstone National Park I began to think how I would die My name is Ann Marie Harris Blake My father Eugene Harris had predicted the volcanic eruption at Yellowstone several years prior to the actual eruption However no one would listen to him He was a crank or publicity seeker or just a nut When he finally told the Park Rangers at Yellowstone that the Park was ready to blow they assured him it would calm down within the month It didn t He called them fools and went home And a week later it erupted This two part journal tells how the Harris family survived the Yellowstone eruption who else survived and how If it hadn t been for Eugene Harris this story would never have been written Take note Yellowstone is overdue to erupt It s been 640 000 years and it has been smoldering ever since Maybe this story isn t so far fetched after all *NOAA Week* ,1972 The Physics of Radiology
