The Perfect Storm Sebastian Junger, 1997 A true story of men against the sea *The Democratization of Artificial Intelligence* Andreas Sudmann, 2019-10-31 After a long time of neglect Artificial Intelligence is once again at the center of most of our political economic and socio cultural debates Recent advances in the field of Artificial Neural Networks have led to a renaissance of dystopian and utopian speculations on an AI rendered future Algorithmic technologies are deployed for identifying potential terrorists through vast surveillance networks for producing sentencing guidelines and recidivism risk profiles in criminal justice systems for demographic and psychographic targeting of bodies for advertising or propaganda and more generally for automating the analysis of language text and images Against this background the aim of this book is to discuss the heterogeneous conditions implications and effects of modern AI and Internet technologies in terms of their political dimension What does it mean to critically investigate efforts of net politics in the age of machine learning algorithms

A Portrait of Louisiana 2020 Kristen Lewis, 2020-10-29 Louisiana is one of a kind among US states Its rich cultural heritage singular traditions and natural beauty tie Louisianans to their past and enrich their present But the state struggles with stark inequalities in health education living standards youth disconnection and incarceration inequalities that will likely widen as a result of Covid 19 the worst economic decline since the Great Depression and the most active hurricane season on record Using the American Human Development Index a measure that combines health education and earnings indicators into a single gauge of well being this report offers a way to understand which places and demographic groups will need the most assistance to recover from the crises of 2020 It also provides recommendations on how the state can help them build resilience to weather the health economic and environmental challenges of the future The good news is that through better choices real progress is possible this report details various policies some of which the state has already put in place to close well being gaps and expand opportunity for all Louisianans Ultimately A Portrait of Louisiana 2020 is a guide for the state s communities advocates and elected officials to learn exactly where those gaps and opportunities exist **Smart Intelligent**
