Steck-Vaughn Elements of Reading Fluency Steck-Vaughn Company, Stckvagn, 2004-01-01 **Juvenile Nation**

Stephanie Olsen, 2014-01-16 In the first five months of the Great War one million men volunteered to fight Yet by the end of 1915 the British government realized that conscription would be required Why did so many enlist and conversely why so few Focusing on analyses of widely felt emotions related to moral and domestic duty Juvenile Nation broaches these questions in new ways Juvenile Nation examines how religious and secular youth groups the juvenile periodical press and a burgeoning new group of child psychologists social workers and other experts affected society's perception of a new problem character the adolescent By what means should this character be turned into a fit citizen Considering qualities such as loyalty character temperance manliness fatherhood and piety Stephanie Olsen discusses the idea of an informal education focused on building character through emotional control and how this education was seen as key to shaping the future citizenry of Britain and the Empire Juvenile Nation recasts the militarism of the 1880s onwards as part of an emotional outpouring based on association to family to community and to Christian cultural continuity Significantly the same emotional responses explain why so many men turned away from active militarism with duty to family and community perhaps thought to have been best carried out at home By linking the historical study of the emotions with an examination of the individual's place in society Olsen provides an important new insight on how a generation of young men was formed **Manliness and Militarism**

Mark Moss, 2001-12-15 Euphoria swept Canada and especially Ontario with the outbreak of World War I Young men rushed to volunteer for the Canadian Expeditionary Force and close to 50 per cent of the half million Canadian volunteers came from the province of Ontario Why were people excited by the prospect of war What popular attitudes about war had become ingrained in the society And how had such values become so deeply rooted in a generation of young men that they would be eager to join this great adventure Historian Mark Moss seeks to answer these questions in Manliness and Militarism Educating Young Boys in Ontario for War By examining the cult of manliness as it developed in Victorian and Edwardian Ontario Moss reveals a number of factors that made young men eager to prove their mettle on the battlefields of Europe Popular juvenile literature the books of Henty Haggard and Kipling for example and numerous magazines for boys such as the Boy's Own Paper and Chums glorified the military conquests of the British Empire the bravery of military men especially Englishmen and the values of courage and unquestioning patriotism Those same values were taught in the schools on the playing fields in cadet military drill in the wilderness and Boy Scout movements and even through the toys and games of young children The lessons were taught and learned well As Moss concludes Even after the horrors became known the conflict ended and the survivors came home manliness and militarism remained central elements of English speaking Ontario's culture For those too young to have served the idea of the Great War became steeped in adventure and many dreamed of another chance to serve For some the dream would become a reality The Nurture of Nature Sharon Wall, 2010-01-01

Thousands of children attended summer camps in twentieth century Ontario Did parents simply want a break or were broader developments at play The Nurture of Nature explores how competing cultural tendencies antimodern nostalgia and modern sensibilities about the landscape child rearing and identity shaped the development of summer camps and consequently modern social life in North America A valuable resource for those interested in the connections between the history of childhood the natural environment and recreation The Nature of Nurture will also appeal to anyone who has been packed off to camp and wants to explore why Building Character in the American Boy David I. Macleod,2004-09-30 Among established American institutions few have been more successful or paradoxical than the Boy Scouts of America David Macleod traces the social history of America in this scholarly account of the origins of the Boy Scouts and other character building agencies through which adults tried to restructure middle class boyhood Back in print First paperback edition *The British Commonwealth and Empire* British Information Services,1944 **Children in English-Canadian Society** Neil Sutherland,Cynthia Comacchio,2006-01-01 So often a long awaited book is disappointing Happily such is not the case with Sutherland s masterpiece Robert M Stamp University of Calgary in The Canadian Historical Review Sutherland s work is destined to be a landmark in Canadian history both as a first in its particular field and as a standard reference text J Stewart Hardy University of Alberta in Alberta Journal of Educational Research Such were the reviewers comments when Neil Sutherland s groundbreaking book was first published Now reissued in Wilfrid Laurier University Press s new series Studies in Childhood and Family in Canada with a new introduction by series editor Cynthia Comacchio this book remains relevant today In the late nineteenth century a new generation of reformers committed itself to a program of social improvement based on the more effective upbringing of all children In Children in English Canadian Society Neil Sutherland examines with a keen eye the growth of the public health movement and its various efforts at improving the health of children *Worth Fighting For* Lara Campbell,Michael Dawson ,Catherine Gidney,2015-03-20 Historians veterans museums and public education campaigns have all documented and commemorated the experience of Canadians in times of war But Canada also has a long rich and important historical tradition of resistance to both war and militarization This collection brings together the work of sixteen scholars on the history of war resistance Together they explore resistance to specific wars including the South African War the First and Second World Wars and Vietnam the ideology and nature of resistance national ethical political spiritual and organized activism against militarization such as cadet training the Cold War and nuclear arms As the federal government continues to support the commemoration and celebration of Canada s participation in past wars this collection offers a timely response that explores the complexity of Canada s position in times of war and the role of social movements in challenging the militarization of Canadian society B.-p.'s Outlook Robert Baden-Powell,1979-01-01 **Symbols of Canada** Michael Dawson,Catherine Gidney,Donald Wright,2018-10-23 From Timbits to totem poles Canada is boiled down to its syrupy core in symbolic forms that are reproduced not only on t shirts

television ads and tattoos but in classrooms museums and courtrooms too They can be found in every home and in every public space They come in many forms from objects like the red uniformed Mountie the maple leaf and the beaver to concepts like free healthcare peacekeeping and saying eh But where did these symbols come from what do they mean and how have their meanings changed over time Symbols of Canada gives us the real and surprising truth behind the most iconic Canadian symbols revealing their contentious and often contested histories With over 100 images this book thoroughly explores Canada's true self while highlighting the unexpected twists and turns that have marked each symbol's history

National Manhood and the Creation of Modern Quebec Jeffery Vacante, 2017-06-15 This intellectual history explores how the idea of manhood shaped French Canadian culture and Quebec's nationalist movement During the latter half of the nineteenth century Quebec was an agrarian society and masculinity was rooted in the land and the family and informed by Catholic principles of piety and self restraint As the industrial era took hold a new model was forged built on the values of secularism and individualism Jeffery Vacante's perceptive analysis reveals how French Canadian intellectuals defined masculinity in response to imperialist English Canadian ideals This national manhood would be disentangled from the workplace the family and the land and tied instead to one's cultural identity The new formulation was crucial in the larger struggle to modernize Quebec's institutions while preserving French Canadian community faith and culture It offered French Canadian men a way to remodel themselves participate in industrial modernity and still assert cultural authority Canada and the Second World War Geoffrey Hayes, Mike Bechthold, Matt Symes, 2013-02-01 Terry Copp's tireless teaching research and writing has challenged generations of Canadian veterans teachers and students to discover an informed memory of their country's role in the Second World War This collection drawn from the work of Terry's colleagues and former students considers Canada and the Second World War from a wealth of perspectives Social cultural and military historians address topics under five headings The Home Front The War of the Scientists The Mediterranean Theatre Normandy Northwest Europe and The Aftermath The questions considered are varied and provocative How did Canadian youth and First Nations peoples understand their wartime role What position did a Canadian scientist play in the Allied victory and in the peace Were veterans of the Mediterranean justified in thinking theirs was the neglected theatre How did the Canadians in Normandy overcome their opponents but not their historians Why was a Cambridge scholar attached to First Canadian Army to protect monuments And why did Canadians come to commemorate the Second World War in much the same way they commemorated the First The study of Canada in the Second World War continues to challenge confound and surprise In the questions it poses the evidence it considers and the conclusions it draws this important collection says much about the lasting influence of the work of Terry Copp Foreword by John Cleghorn *Gendered Pasts* Kathryn M. McPherson, Nancy M. Forestell, Cecilia Louise Morgan, 2003-01-01 Unusual in its breadth *Gendered Pasts* is essential to the understanding of the various threads and themes in Canadian gender history **Growing Up** Neil Sutherland, 1997-01-01 By laying out the

structure of children's lives and their childhood experiences in such settings as the home the classroom the church and on streets and in the playground the author describes how English Canadian children grew up in modern Canada Boys and Girls in No Man's Land Susan Fisher, Susan R. Fisher, 2011-01-01 Drawing on educational materials textbooks adventure tales plays and Sunday school papers Boys and Girls in No Man's Land explores the role of children in the nation's war effort

Contesting Bodies and Nation in Canadian History Patrizia Gentile, Jane Nicholas, 2013-12-06 From fur coats to nude paintings and from sports to beauty contests the body has been central to the literal and figurative fashioning of ourselves as individuals and as a nation In this first collection on the history of the body in Canada an interdisciplinary group of scholars explores the multiple ways the body has served as a site of contestation in Canadian history in the nineteenth and twentieth centuries Showcasing a variety of methodological approaches *Contesting Bodies and Nation in Canadian History* includes essays on many themes that engage with the larger historical relationship between the body and nation medicine and health fashion and consumer culture citizenship and work and more The contributors reflect on the intersections of bodies with the concept of nationhood as well as how understandings of the body are historically contingent The volume is capped off with a critical introductory chapter by the editors on the history of bodies and the development of the body as a category of analysis

Childhood, Youth and Emotions in Modern History Stephanie Olsen, 2015-10-06 Childhood Youth and Emotions in Modern History is the first book to innovatively combine the history of childhood and youth with the history of emotions combining multiple national colonial and global perspectives **Growing Girls** Susan A Miller, 2007-07-20 In the early years of the twentieth century Americans began to recognize adolescence as a developmental phase distinct from both childhood and adulthood This awareness however came fraught with anxiety about the debilitating effects of modern life on adolescents of both sexes For boys competitive sports as well as primitive outdoor activities offered by fledgling organizations such as the Boy Scouts would enable them to combat the effeminacy of an overly civilized society But for girls the remedy wasn't quite so clear Surprisingly the girl problem a crisis caused by the transition from a sheltered family centered Victorian childhood to modern adolescence where self control and a strong democratic spirit were required of reliable citizens was also solved by way of traditionally masculine adventurous outdoor activities as practiced by the Girl Scouts the Camp Fire Girls and many other similar organizations Susan A Miller explores these girls organizations that sprung up in the first half of the twentieth century from a socio historical perspective showing how the notions of uniform identity civic duty primitive domesticity and fitness shaped the formation of the modern girl **Guiding Modern Girls** Kristine Alexander, 2017-11-15 Across the British

Empire and the world the 1920s and 1930s were a time of unprecedented social and cultural change Girls and young women were at the heart of many of these shifts which included the aftermath of the First World War the enfranchisement of women and the rise of the flapper or Modern Girl Out of this milieu the Girl Guide movement emerged as a response to popular concerns about age gender race class and social instability The British based Guide movement attracted more than a million

members in over forty countries during the interwar years. Its success however was neither simple nor straightforward. Using an innovative multi-sited approach, Kristine Alexander digs deeper to analyze the ways in which Guiding sought to mold young people in England, Canada, and India. She weaves together a fascinating account that connects the histories of girlhood, internationalism, and empire while asking how girls and young women understood and responded to Guiding's attempts to lead them toward a service-oriented, useful feminine future.
