Steve Ciarcia,1985 **The Acts of the Lateran Synod of 649** Richard Price,Phil Booth,Catherine Cubitt,2017-09 The
Lateran Synod of 649 was a major event in the monothelete controversy of the seventh century over wills and operations in
Christ It represented a determined attempt by the papacy to frustrate and reverse the ecclesiastical policy of the emperor
and patriarch at Constantinople It represented the boldest challenge to imperial authority by churchmen that late antiquity
had seen The theology adopted by the synod and its expression in a series of speeches was the work of a team of Greek
monks under the leadership of St Maximus the Confessor This translation will add to the still limited body of material
available in English for the study of a writer who is widely held to have been the greatest of all Byzantine theologians The
Acts of the synod have been a major puzzle ever since their editor Rudolf Riedinger demonstrated that the Greek version not
the Latin is the original even though the council must have conducted its business in Latin This edition offers a new
explanation of this anomaly which restores authenticity to the synodal sessions without denying that the Acts as published
were not a straight factual record but propaganda intended to convince the Roman world of the orthodoxy and authority of

Observations on the Physical, Intellectual, and Moral Qualities of Our Colored Population: with Remarks on the Subject of Emancipation and Colonization Ebenezer

Baldwin,1834 Evolution of Government Policy Towards Homosexuality in the US Military James E. Parco,David A.

Levy,2016-09-17 Throughout history homosexuality has been a complicating factor for men and women electing to serve in the armed forces of the United States The right to serve became increasingly complicated when the Department of Defense responded to congressional legislation in 1993 by adopting a policy that later became known as don't ask don't tell DADT DADT permitted homosexual members to serve in the forces so long as they showed no evidence of homosexual behavior The compromise policy remained in force until Congress passed the Don't Ask Don't Tell Repeal Act of 2010 and finally in September 2011 the ban on gay men and lesbians serving openly in the US armed forces officially came to an end Reflecting on the 20 year period governed by DADT this volume explores the history culture attitudes and impacts of policy evolution from the mid 20th Century through to the present day It not only provides insight to the scholarly field of how the most powerful institution in the world has viewed and dealt with homosexuality as it transitioned into the 21st century but it is also poised to become a seminal collection for researchers in the decades to come This book was originally published as a special issue of the Journal of Homosexuality Parco and Levy have produced a fine edited volume dedicated to deepening our understanding of the federal DADT policy What has resulted is a deep analysis of the federal policies regarding gays and

lesbians in the U S military This volume is filled with rich descriptions and analyses written by the very best thinkers about issues pertaining to gays and lesbians in the U S military Parco and Levy not only offer a comprehensive treatment of DADT but their book will stand the test of time and spur additional important research about gay lesbian bisexual and queer service members The Rise and Fall of DADT is accessibly written and offers readers a comprehensive understanding of the DADT federal policy and the attendant issues of equity social justice and ever changing attitudes about LGBTQ people related to the U S military and to the larger American society John P Elia Ph D Editor in Chief Journal of Homosexuality and Professor and Associate Chair of Health Education at San Francisco State University USA As Assistant Secretary of Defense for Public Affairs from 2010 to 2012 and the first openly gay senior official to serve at the Pentagon I was witness to and honored to be an active participant in the historic process that led to the ban on discrimination against lesbian and gay service members men and women who had been hiding in plain sight while risking their lives to serve their country honorably In this volume Jim Parco and Dave Levy provide what is perhaps the most comprehensive account to date of the evolution of US government policy regarding LGBT service members Their study includes outstanding firsthand narratives by many friends who played central roles in the repeal of Don t Ask Don t tell including Sue Fulton Jonathan Lee and former Congressman Patrick Murphy Parco and Levy provide the opportunity for scholars experts and ordinary citizens from all walks of life to share in those journeys and in the very positive results that were achieved Douglas B Wilson former Assistant Secretary of Defense for the United States

Affective Health and Masculinities in South Africa Hans Reihling,2020 Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use interpersonal violence suicidality and AIDS as well as recovery cross culturally With a focus on three male protagonists living in very distinct urban areas of Cape Town this comparative ethnography shows that men s struggles to become invulnerable increase vulnerability Through an analysis of masculinities as social assemblages the study shows how affective health problems are tied to modern individualism rather than African tradition that has become a clich e in Eurocentric gender studies Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self reliance This book provides a rare perspective on young men s vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and

psychological health Moreover it shows how men change in the face of distress in ways that may look different than global health and gender transformative approaches envision Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences Contributing to current debates on mental health and masculinity the volume will be of interest to scholars from a number of disciplines including anthropology gender studies African studies psychology and global health *Charles Pettigrew, First Bishop-elect of the North Carolina Episcopal Church* Bennett H Wall,2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
