McDonald,Greg Ruiters,2012-04-23 There is a vast literature for and against privatizing public services Those who are against privatization are often confronted with the objection that they present no alternative This book takes up that challenge by establishing theoretical models for what does and does not constitute an alternative to privatization and what might make them successful backed up by a comprehensive set of empirical data on public services initiatives in over 40 countries This is the first such global survey of its kind providing a rigorous and robust platform for evaluating different alternatives and allowing for comparisons across regions and sectors The book helps to conceptualize and evaluate what has become an important and widespread movement for better public services in the global South The contributors explore historical existing and proposed non commercialized alternatives for primary health water sanitation and electricity The objectives of the research have been to develop conceptual and methodological frameworks for identifying and analyzing alternatives to privatization and testing these models against actually existing alternatives on the ground in Asia Africa and Latin America Information of this type is urgently required for practitioners and analysts both of whom are seeking reliable knowledge on what kind of public models work how transferable they are from one place to another and what their main strengths and weaknesses are **Financial Accounting** Carl S. Warren,Jim Reeve,Jonathan Duchac,2015 Market leading Warren Reeve Duchac s FINANCIAL ACCOUNTING has been on the forefront of innovation and change based on the needs of today s teaching and learning environment Warren Reeve Duchac s FINANCIAL ACCOUNTING 14E and CengageNOWv2 help elevate thinking with content that addresses each stage of the learning process from motivation to mastery This integrated system motivates students to learn provides practice opportunities to better prepare for exams and helps students achieve mastery with tools to help them make connections and see the big picture The Complete Learning System in FINANCIAL ACCOUNTING and CengageNOWv2 is built around the way students use textbooks and online resources to learn study and complete homework allowing them to achieve ultimate

success in this course New to this edition the authors have created innovative content that is focused on unique student and instructor needs before and after lecture and the type of activities best suited to each point in learning New content such as the author written Dynamic Exhibits allow students to change the variables in a scenario and see how a change ripples through the accounting system helping students understand how concepts relate to one another Dynamic Exhibits allow students to see connections and relationships like never before The end goal of Warren Reeve Duchac s FINANCIAL ACCOUNTING and CengageNOWv2 is to elevate thinking and create more empowered and prepared students ready to take on the rest of their educational and career goals Slow Violence and the Environmentalism of the Poor Rob

Nixon, 2011-06-01 Groundbreaking in its call to reconsider our approach to the slow rhythm of time in the very concrete realms of environmental health and social justice World Literature Today The violence wrought by climate change toxic drift deforestation oil spills and the environmental aftermath of war takes place gradually and often invisibly Using the innovative concept of slow violence to describe these threats Rob Nixon focuses on the inattention we have paid to the attritional lethality of many environmental crises in contrast with the sensational spectacle driven messaging that impels public activism today Slow violence because it is so readily ignored by a hard charging capitalism exacerbates the vulnerability of ecosystems and of people who are poor disempowered and often involuntarily displaced while fueling social conflicts that arise from desperation as life sustaining conditions erode In a book of extraordinary scope Nixon examines a cluster of writer activists affiliated with the environmentalism of the poor in the global South By approaching environmental justice literature from this transnational perspective he exposes the limitations of the national and local frames that dominate environmental writing And by skillfully illuminating the strategies these writer activists deploy to give dramatic visibility to environmental emergencies Nixon invites his readers to engage with some of the most pressing challenges of our time *Beyond Integrity*

Scott Rae, Kenman L. Wong, 2012-02-21 Integrity is essential to Judeo Christian business ethics But today s business environment is complex Those in business and those preparing to enter the business world need to grapple with the question of how integrity and biblical ethics can be applied in the workplace They need to go beyond integrity in their thinking Beyond Integrity is neither excessively theoretical nor simplistic and dogmatic Rather it offers a balanced and pragmatic approach to a number of concrete ethical issues Readings from a wide range of sources present competing perspectives on each issue and real life case studies further help the reader grapple with ethical dilemmas The authors conclude each chapter with their own distinctly Christian commentary on the topic covered This Zondervan ebook of the third edition has been revised to provide the most up to date introduction to the issues Christians face in today s constantly changing business culture Revisions include 30 new case studies 13 new readings 50% substantially revised sidebars that reflect the issues in the news and business press summaries and material for discussion *The Oxford Handbook of Political Science* Robert E.

Antimicrobial Resistance Donald L. Jungkind, Joel E. Mortensen, Henry S. Fraimow, Gary B.

Calandra, 2013-06-29 Development and Implications of Antimicrobial Resistance One of the most ominous trends in the field of antimicrobial chemotherapy over the past decade has been the increasing pace of development of antimicrobial resistance among microbial pathogens The hypothesis that man can discover a magic bullet to always cure a particular infection has proved false Physicians are now seeing and treating patients for which there are few therapeutic alternatives and in some cases none at all Until recently there was little concern that physicians might be losing the war in our ability to compete with the evolving resistance patterns of microbial pathogens Now the general public is very aware of the threat to them if they become infected thanks to cover story articles in major magazines such as Time Newsweek newspapers and other news sources Antimicrobial resistance is not a novel problem Shortly after the widespread introduction of penicillin in the early 1940s the first strains of penicillin resistant staphylococci were described Today it is an uncommon event for a clinical

laboratory to isolate an S aureus that is sensitive to penicillin Other gram positive strains of bacteria have become resistant including the exquisitely sensitive Streptococcus pneumoniae Sensitivity to vancomycin was once so uniform that it was used in routine clinical laboratories as a surrogate marker for whether an organism should be classified as a gram positive That criterion can no longer be relied upon because of emerging resistance among some species Gram negative bacteria viruses fungi and parasites all have succeeded in developing resistance
