*Essentials of Managerial Accounting* Kurt Heisinger, 2010 The latest book from Cengage Learning on Essential of  
Managerial Accounting International Edition      *How Climate Change Comes to Matter* Candis Callison, 2015-02-15 During  
the past decade skepticism about climate change has frustrated those seeking to engage broad publics and motivate them to  
take action on the issue In this innovative ethnography Candis Callison examines the initiatives of social and professional  
groups as they encourage diverse American publics to care about climate change She explores the efforts of science  
journalists scientists who have become expert voices for and about climate change American evangelicals Indigenous leaders  
and advocates for corporate social responsibility The disparate efforts of these groups illuminate the challenge of maintaining  
fidelity to scientific facts while transforming them into ethical and moral calls to action Callison investigates the different  
vernaculars through which we understand and articulate our worlds as well as the nuanced and pluralistic understandings of  
climate change evident in different forms of advocacy As she demonstrates climate change offers an opportunity to look  
deeply at how issues and problems that begin in a scientific context come to matter to wide publics and to rethink emerging  
interactions among different kinds of knowledge and experience evolving media landscapes and claims to authority and  
expertise      *Principles of Accounting Volume 1 - Financial Accounting* Mitchell Franklin, Patty Graybeal, Dixon

Decision making is a pivotal function of any manager. A knowledge of Accounting insofar as it affects decision making is very important for a manager. And very often students find Accounting as one of the tough subjects to handle. This book strives to make Accounting intelligible and easily comprehensible to students. The text gives a comprehensive coverage of the three branches of Accounting: Financial Accounting, Management Accounting, and Cost Accounting. It focuses on the various methods and techniques followed in the Management Reporting System. The text deals in detail with various accounting transaction procedures, methods of costing, ratio analysis, budgeting, forecasting, accounting errors, funds flow, and cash flow statements, trial balance, and balance sheet, and so on. It equips the students with the knowledge in the preparation, analysis, evaluation, and interpretation of financial statements, which will enrich their managerial competence and decision-making skills. **KEY FEATURES** Emphasises the various accounting and decision-making techniques. Provides a number of problems and their solutions besides giving notes, working notes, and exercises to help the students understand the concepts better. This book is intended as a text for the postgraduate students of Management (MBA, MIB) financial courses (MFC) and undergraduate and

postgraduate students of Commerce and those pursuing MCA In addition the book will be very useful to practising managers who wish to develop effective and result oriented decision making skills
