Represents the cost of currency and coin contained in exhibits or acquired for display purposes. (Exhibits borrowed from other Reserve Banks or from Treasury are reported as a custody item.) The exhibits are acquired pursuant to the following guidelines:

- There is no objection to the maintenance of currency and coin exhibits by the Reserve Banks, or to their retaining individual silver dollars or other pieces of coin and currency for actual use in such exhibits.
- Duplicate pieces of currency and coin that are in excess of exhibit needs should not be held for "trading" purposes, but instead should be returned to Treasury.
- There is no objection to the Reserve Banks' using the currency and coin received in the ordinary course of business to fill out their exhibits, or to their purchasing individual items from dealers or others for this purpose.
- It is inappropriate for the Reserve Banks to bid on miscellaneous collections of currency and coin offered for sale by executors of estates or others, and also inappropriate for them to trade or sell currency and coin to collectors and dealers.
- In those instances where Reserve Banks receive permanent donations of exhibits, this account should reflect an estimate of the fair market value of the exhibit at the time of the donation. The offset should go to the profit and loss account.

### Old Currency Series (170-400)

This account contains old currency issues held pending forwarding to Treasury for redemption as mutilated currency as follows:
