Low Vision Rehabilitation Mitchell Scheiman, Maxine Scheiman, Steven Whittaker, 2007 Presents an emerging model in which occupational therapists practice as part of a team of vision rehabilitation professionals serving adults with low vision Occupational therapists offer a unique contribution to the vision rehabilitation team with a focus on meaningful occupational goals the incorporation of occupation into therapy and the orchestration of environmental social and non visual personal factors into a treatment plan The authors have developed a practical and straightforward text outlining an evaluation approach to interventions that focus on recovering occupational performance in adults

Point-of-care testing Peter Lippa, Ralf Junker, 2018-07-18 The underlying technology and the range of test parameters available are evolving rapidly The primary advantage of POCT is the convenience of performing the test close to the patient and the speed at which test results can be obtained compared to sending a sample to a laboratory and waiting for results to be returned Thus a series of clinical applications are possible that can shorten the time for clinical decision making about additional testing or therapy as delays are no longer caused by preparation of clinical samples transport and central laboratory analysis Tests in a POC format can now be found for many medical disciplines including endocrinology diabetes cardiology nephrology critical care fertility hematology coagulation infectious disease and microbiology and general health screening Point of care testing POCT enables health care personnel to perform clinical laboratory testing near the patient The idea of conventional and

POCT laboratory services presiding within a hospital seems contradictory yet they are in fact complementary together POCT and central laboratory are important for the optimal functioning of diagnostic processes They complement each other provided that a dedicated POCT coordination integrates the quality assurance of POCT into the overall quality management system of the central laboratory The motivation of the third edition of the POCT book from Lippa Junker which is now also available in English is to explore and describe clinically relevant analytical techniques organizational concepts for application and future perspectives of POCT From descriptions of the opportunities that POCT can provide to the limitations that clinician s must be cautioned about this book provides an overview of the many aspects that challenge those who choose to implement POCT Technologies clinical applications networking issues and quality regulations are described as well as a survey of future technologies that are on the future horizon The editors have spent considerable efforts to update the book in general and to highlight the latest developments e g novel POCT applications of nucleic acid testing for the rapid identification of infectious agents Of particular note is also that a cross country comparison of POCT quality rules is being described by a team of international experts in this field

Affordable Excellence William A. Haseltine, 2013 Today Singapore ranks sixth in the world in healthcare outcomes well ahead of many developed countries including the United States The results are all the more significant as Singapore spends less on healthcare than any other high income country both as measured by fraction of the Gross Domestic Product spent on health and by costs per person Singapore achieves these results at less than one fourth the cost of healthcare in the United States and about half that of Western European countries Government leaders presidents and prime ministers finance ministers and ministers of health policymakers in congress and parliament public health officials responsible for healthcare systems planning finance and operations as well as those working on healthcare issues in universities and think tanks should know how this system works to achieve affordable excellence Publisher s website

Schools of Thought Rexford Brown,1993-08-10 As a result of his visits to classrooms across the nation Brown has compiled an engaging thought provoking collection of classroom vignettes which show the ways in which national state and local school politics translate into changed classroom practices Captures the breadth depth and urgency of education reform Bill Clinton **Traveling with Sugar** Amy Moran-Thomas,2019-11-26 Traveling with Sugar reframes the rising diabetes epidemic as part of a five hundred year old global history of sweetness and power Amid eerie injuries changing bodies amputated limbs and untimely deaths many people across the Caribbean and Central America simply call the affliction sugar or as some say in Belize traveling with sugar A decade in the making this book unfolds as a series of crónicas a word meaning both slow moving story and slow moving disease It profiles the careful work of those still fighting it as they grapple with unequal material infrastructures and unsettling dilemmas Facing a new incarnation of blood sugar these individuals speak back to science and policy misrecognitions that have prematurely cast their lost limbs and deaths as normal Their families arts of maintenance and repair illuminate ongoing struggles to survive and remake larger systems of food land technology and medicine **Small Country Innovation Systems** Charles Edquist,Leif Hommen,2009-01-01 What are the challenges that small countries face concerning innovation and what are the effects of globalization on their innovation systems In this very interesting rich and timely book Edquist and Hommen compare ten different small national innovation systems from the

Asia Pacific and Northern Europe that are rather advanced in their development The answers that the authors give are convincing and relate not only to the unique characteristics of each national system that shapes innovative activity but also to some commonalities that exist across these countries Franco Malerba Bocconi University Italy This major book presents case studies of ten small country national systems of innovation NSIs in Europe and Asia namely Denmark Finland Hong Kong Ireland the Netherlands Norway Singapore South Korea Sweden and Taiwan These cases have been carefully selected as examples of success within the context of globalization and as new economies where competition is increasingly based on innovation To facilitate comparative analysis the ten studies follow a common structure informed by an activities based approach to describing and analysing NSIs which addresses the critical issues of globalization and the consequences of innovation for economic performance The final chapter compares fast growth and slow growth countries concentrating on issues of innovation policy The results illustrate the usefulness of an activities based approach to studying NSIs point to distinctive national roles within an increasingly differentiated international division of labour and address the key themes of selectivity and coordination in innovation policy This valuable book presents one of the most significant comprehensive and comparative country studies of NSIs in the last decade It will have great import and should be widely read by every serious student and scholar of innovation studies

Ethnomedicine Pamela I. Erickson, 2007-11-14 People throughout time and place no matter their belief system have sought to discover causes and cures for illness and disease Among Westerners is a groundswell to augment biomedicine with holistic practices inherent in ethnomedicines of non Western traditions Yet missing are awareness and knowledge of the foundations and outgrowth of these alternative concepts Erickson fills this gap by clearly explaining the basic organizing principles that underlie all medical systems the full range of theories of disease causation the geographical distribution of medical practices and the historical trends that led to biomedical dominance Her efficient balanced approach highlights commonalities among the worlds vast and diverse medical systems making ethnomedicine easier to internalize and to apply in clinical settings
