Murder in the Stacks David Dekok, 2014-09-02 On Nov 28 1969 Betsy Aardsma a 22 year old graduate student in English at Penn State was stabbed to death in the stacks of Pattee Library at the university's main campus in State College For more than forty years her murder went unsolved though detectives with the Pennsylvania State Police and local citizens worked tirelessly to find her killer The mystery was eventually solved after the death of the murderer This book will reveal the story behind what has been a scary mystery for generations of Penn State students and explain why the Pennsylvania State Police failed to bring her killer to justice More than a simple true crime story the book weaves together the events culture and attitudes of the late 1960s memorializing Betsy Aardsma and her time and place in history **Practical Fire and Arson Investigation** David R. Redsicker, John J. O'Connor, 1996-10-10 This bestselling second edition introduces new case studies to illustrate concepts explained in the text and includes information about eliminating accidental causes of fires and investigating fatal fires Additional information on studies in bloodstain evidence found at fire scenes is presented as well The book also addresses the National Fire Protection Association Standards 921 regarding proper fire investigation procedures and NFPA Standards 1033 Fire Investigator Qualifications The NFPA Standards are the recognized standards in the industry and are essential information for all fire investigators from rookies to veterans **The Ride of a Lifetime** Robert Iger, 2019-09-23 1 NEW YORK TIMES BESTSELLER A memoir of leadership and success The executive chairman of Disney Time's 2019 businessperson of the year shares the ideas and values he embraced during his fifteen years as CEO while reinventing one of the world's most beloved companies and inspiring the people who bring the magic to life NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR Robert Iger became CEO of The Walt Disney Company in 2005 during a difficult time Competition was more intense than ever and technology was changing faster than at any time in the company's history His vision came down to three clear ideas Recommit to the concept that quality matters embrace technology instead of fighting it and think bigger think global and turn Disney into a stronger brand in international markets Today Disney is the largest most admired media company in the world counting Pixar Marvel Lucasfilm and 21st Century Fox among its properties Its value is nearly five times what it was when Iger took over and he is recognized as one of the most innovative and successful CEOs of our era In The Ride of a Lifetime Robert Iger shares the lessons he learned while running Disney and leading its 220 000 plus employees and he explores the principles that are necessary for true leadership including Optimism Even in the face of difficulty an optimistic leader will find the path toward the best possible outcome and focus on that rather than give in to pessimism and blaming Courage Leaders have to be willing to take risks and place big bets Fear of failure destroys creativity Decisiveness All decisions no matter how difficult can be made on a timely basis Indecisiveness is both wasteful and destructive to morale Fairness Treat people decently with empathy and be accessible to them This book is about the relentless curiosity that has driven Iger for forty five years since the day he started as the lowliest studio grunt at ABC It

s also about thoughtfulness and respect and a decency over dollars approach that has become the bedrock of every project and partnership Iger pursues from a deep friendship with Steve Jobs in his final years to an abiding love of the Star Wars mythology The ideas in this book strike me as universal Iger writes Not just to the aspiring CEOs of the world but to anyone wanting to feel less fearful more confidently themselves as they navigate their professional and even personal lives *The Devil's Cormorant* Richard J. King,2013-09-22 Behold the cormorant silent still cruciform and brooding flashing soaring quick as a snake Evolution has crafted the only creature on Earth that can migrate the length of a continent dive and hunt deep underwater perch comfortably on a branch or a wire walk on land climb up cliff faces feed on thousands of different species and live beside both fresh and salt water in a vast global range of temperatures and altitudes often in close proximity to man Long a symbol of gluttony greed bad luck and evil the cormorant has led a troubled existence in human history myth and literature The birds have been prized as a source of mineral wealth in Peru hunted to extinction in the Arctic trained by the Japanese to catch fish demonized by Milton in *Paradise Lost* and reviled despised and exterminated by sport and commercial fishermen from Israel to Indianapolis Toronto to Tierra del Fuego In *The Devil's Cormorant* Richard King takes us back in time and around the world to show us the history nature ecology and economy of the world's most misunderstood waterfowl

Masters of Uncertainty Phaedra Daipha,2015-11-17 In *Masters of Uncertainty* Phaedra Daipha offers a new framework for understanding decision making practice after spending years immersed in a northeastern office of the National Weather Service Arguing that forecasters have made a virtue of the unpredictability of the weather Daipha shows how they enlist an omnivorous appetite for information and improvisational collage techniques to create a locally meaningful forecast on their computer screens This richly detailed and lucidly written book advances a theory of decision making that foregrounds the pragmatic and situated nature of expert cognition and casts new light on how we make decisions in the digital age Page 4 of cover **Climate Cultures** Jessica Barnes,Michael R. Dove,2015-01-01 Climate change is one of the most pressing issues of our times yet global solutions have proved elusive This book draws together cutting edge anthropological research to uncover new ways of approaching the critical questions that surround climate change Leading anthropologists engage in three major areas of inquiry how climate change issues have been framed in previous times compared to present day discourse how knowledge about climate change and its impacts is produced and interpreted by different groups and how imagination plays a role in shaping conceptions of climate change *Running Toward Danger* Cathy Trost,Alicia C. Shepard,2002 From the Newsweek America's only museum of news comes the definitive book detailing behind the scenes of how journalist covered the deadly assaults of September 11 2001 **A History of the United States Weather Bureau** Donald Robert Whitnah,1961 **Disaster Studies** Janki Andharia,2020-03-25 This book covers several dimensions of disaster studies as an emerging discipline It is the inaugural book in the series *Disaster Studies and Management* and deals with questions such as Is disaster management a field of practice a profession or simply a new area of study Exploring

intersectionalities the book also examines areas of research that could help enhance the discourse on disaster management from policy and practice perspectives revisiting conventional event centric approaches which are the basis for most writings on the subject Several case studies and comparative analyses reflect a critical reading of research and practice concerning disasters and their management The book offers valuable insights into various subjects including the challenge of establishing inter and multi disciplinary teams within the academia involved in disaster studies and sociological and anthropological readings of post disaster memoryscapes Each of the contributors has an enduring interest in disaster studies thus enriching the book immensely This book will be of interest to all the students and scholars of disaster studies and disaster management as well as to practitioners and policymakers
