chapters contributed by international subject matter experts describing the current state of the art in the statistical postprocessing of ensemble forecasts The book illustrates the use of these methods in several important applications including weather hydrological and climate forecasts and renewable energy forecasting After an introductory section on ensemble forecasts and prediction systems the second section of the book is devoted to exposition of the methods available for statistical postprocessing of ensemble forecasts univariate and multivariate ensemble postprocessing are first reviewed by Wilks Chapters 3 then Schefzik and Mller Chapter 4 and the more specialized perspective necessary for postprocessing forecasts for extremes is presented by Friederichs Wahl and Buschow Chapter 5 The second section concludes with a discussion of forecast verification methods devised specifically for evaluation of ensemble forecasts Chapter 6 by Thorarinsdottir and Schuhen The third section of this book is devoted to applications of ensemble postprocessing Practical aspects of ensemble postprocessing are first detailed in Chapter 7 Hamill including an extended and illustrative case study Chapters 8 Hemri 9 Pinson and Messner and 10 Van Schaeybroeck and Vannitsem discuss ensemble postprocessing specifically for hydrological applications postprocessing in support of renewable energy applications and postprocessing of long range forecasts from months to decades Finally Chapter 11 Messner provides a guide to the ensemble postprocessing software available in the R programming language which should greatly help readers implement many of the ideas presented in this book Edited by three experts with strong and complementary expertise in statistical postprocessing of ensemble forecasts this book assesses the new and rapidly developing field of ensemble forecast postprocessing as an extension of the use of statistical corrections to traditional deterministic forecasts Statistical Postprocessing of Ensemble Forecasts is an essential resource for researchers operational practitioners and students in weather seasonal and climate forecasting as well as users of such forecasts in fields involving renewable energy conventional energy hydrology environmental engineering and agriculture Consolidates for the first time the methodologies and applications of ensemble forecasts in one succinct place Provides real world examples of methods used to formulate forecasts Presents the tools needed to make the best use of multiple model forecasts in a timely and efficient manner

*Sentiments of a British-American Woman* Owen S.

Ireland, 2017-12-15 At the time of her death in 1780 British born Esther DeBerdt Reed a name few know today was one of the most politically important women in Revolutionary America Her treatise *The Sentiments of an American Woman* articulated the aspirations of female patriots and the Ladies Association of Philadelphia which she founded taught generations of women how to translate their political responsibilities into action DeBerdt Reed's social connections and political sophistication helped transform her husband Joseph Reed from a military leader into the president of the Supreme Executive Council of Pennsylvania a position analogous to the modern office of governor DeBerdt Reed's life yields remarkable insight into the scope of women's political influence in an age ruled by the strict social norms structured by religion and motherhood The story of her courtship marriage and political career sheds light both on the private and political lives of women during the

Revolution and on how society religion and gender interacted as a new nation struggled to build its own identity Engaging comprehensive and built on primary source material that allows DeBerdt Reed s own voice to shine Owen Ireland s expertly researched biography rightly places her in a prominent position in the pantheon of our founders both female and male ...
