The Origins And Spread Of Agriculture And Pastoralism In Eurasia David R. Harris, 2024-11-01 As the first book to examine the origins and spread of agriculture and pastoralism in Europe and Asia as a whole this major contribution should be essential reading for archaeologists anthropologists biologists and geographers Adopting a novel approach to the subject the authors examine it first in terms of seven different disciplinary perspectives social ecological genetic linguistic biomolecular epidemiological and geogrphical Then 20 case studies are presented which are based primarily on archaeological and biological evidence and which relate to three major regions Southwest Asia Europe and Central Asia to the Pacific The book concludes with an overview of Eurasia as a whole The transition from hunting and gathering to agriculture had revolutionary consequences for human society It led to the emergence of urban civilizations and ultimately to humanity s almost complete dependence on relatively few domesticated animals and plants The subject has been much studied but the results have tended to be interpreted largely in terms of local cultural sequences with insufficient comparison made with evidence from other areas In contrast this book provides a continental scale framework with its scope extended to pastoralism because in Eurasia both the raising of livestock and the cultivation of crops were integral components of the agricultural revolution from its inception some 10 000 years ago Comprehensive and authoritative The Origins and Spread of Agriculture and Pastoralism in Eurasia

should appeal strongly to the wide readership of students and specialists concerned with the prehistoric antecedents of modern civilization

Warm Beer, Lousy Food John S. Columbia, 2009-12 The line began forming after eight o'clock Sal short and heavy set kept everyone busy Neat in a white shirt and sports jacket with his grey fedora cocked to the side his crooked grin made you smile Without warning the heavy door would swing open and the waiters would come outside to join him They were dressed in pajamas or prison garb with hats and horns and were there to warm up the crowd Some in line expected this others were shocked The pink polka dot building should have been a warning Complete strangers in line became chummy exchanging stories they had heard toilet seat covers to serve drinks on microphones in the ladies room toilet paper for napkins Most had brought their friends there to be roasted The line of people varied in age They all dressed casually because they'd heard you could get a pie in the face or a squirt in the eye The club's routines were blue in color but harmless If you were lucky you might see a Balls for the Queen or a Singing beer The price was always right for a good time and Warm Beer and Lousy Food was the place to be
