ArcheoLogica Data, 3, 2023, 2023-01-31 ArcheoLogica Data wants to reach an Italian and international audience of scholars professionals students and more generally early career archaeologists and it accepts contributions written both in Italian and English ArcheoLogica Data proposes to indissolubly associate data and interpretation It embraces that global idea of archaeological data that integrates all the discipline declinations without any thematic or chronological constraints Data is at the centre and around lies everything that can stem from it interpretations hypotheses reconstructions applications theoretical and methodological reflections critical ideas constructive discussions **Digital Mammography** Etta D. Pisano, Martin Joel Yaffe, Cherie M. Kuzmiak, 2004 Bogen er en grundl ggende l rebog om digital mammografi hvori digital mammografi og traditionel mammografi ogs sammenlignes i forhold til screening diagnoser og radiografisk billedteknik Der er en komplet billedsamling af cases indenfor digital mammografi *LCA of an ecolabeled notebook : consideration of social and environmental impacts along the entire life cycle* Andreas Ciroth, Juliane Franze, 2011 This study investigates social and environmental impacts caused by an ecolabeled notebook along its entire life cycle In order to analyse the divers effects of the laptop a social life cycle assessment and an environmental life cycle assessment were performed in parallel Both assessments together provide a holistic overview of positive and negative impacts in regard to social and environmental sustainability This book contains the complete final report written by GreenDeltaTC on behalf of the Belgian Federal Public Planning Service Sustainable Development It comprises the methodological background the social inventory process modifications with regard to the environmental inventory and detailed results of the impact assessment phase Further a newly developed social impact assessment method is presented and applied In addition recommendations on company and policy level were derived **Satana Central** Scott Barry, 2018-08-22 This is a collection of my blog full of a bunch of random garbage posts of nonsense about random political and other stuff Also a decent self help book **The Hard Drive Bible** Martin Bodo, 1996 THE HARD DRIVE BIBLE EIGHTH EDITION is the definitive reference book for anyone who deals with personal computer data storage devices of any kind This comprehensive work covers installations drive parameters 408 743 8787 *Data Sources*, 2000 *Complete Manual of the Auxiliary Language Ido*, 1973 **The Bios Companion** Phil Croucher, 2001 This text describes the functions that the BIOS controls and how these relate to the hardware in a PC It covers the CMOS and chipset set up options found in most common modern BIOSs It also features tables listing error codes needed to troubleshoot problems caused by the BIOS *Indigenous Data Sovereignty* Tahu Kukutai, John Taylor, 2016-11-14 As the global data revolution accelerates how can the data rights and interests of indigenous peoples be secured Premised on the United Nations Declaration on the Rights of Indigenous Peoples this book argues that indigenous peoples have inherent and inalienable rights relating to the collection ownership and application of data about them and about their lifeways and territories As the first book to focus on indigenous data sovereignty it asks what does data sovereignty mean for indigenous

peoples and how is it being used in their pursuit of self determination The varied group of mostly indigenous contributors theorise and conceptualise this fast emerging field and present case studies that illustrate the challenges and opportunities involved These range from indigenous communities grappling with issues of identity governance and development to national governments and NGOs seeking to formulate a response to indigenous demands for data ownership While the book is focused on the CANZUS states of Canada Australia Aotearoa New Zealand and the United States much of the content and discussion will be of interest and practical value to a broader global audience A debate shaping book it speaks to a fast emerging field it has a lot of important things to say and the timing is right Stephen Cornell Professor of Sociology and Faculty Chair of the Native Nations Institute University of Arizona The effort in this book to theorise and conceptualise data sovereignty and its links to the realisation of the rights of indigenous peoples is pioneering and laudable Victoria Tauli Corpuz UN Special Rapporteur on the Rights of Indigenous Peoples Baguio City Philippines

National Parks and Protected Areas James Gordon Nelson, Rafal Serafin, 2013-06-29 National parks and protected areas offer a wealth of ecological and social contributions or services to humans and life on earth This book describes the strengths of national parks and protected areas in different parts of Europe and North America and the challenges to the full realization of their goals It shows that they are useful not only in conserving rare species and biodiversity but also in protecting water supply and other resources necessary to tourism and to economic and social development generally Ideas and information on useful planning management and decision making arrangements are presented and research needs are identified

Introductory Statistics Prem S. Mann, 2010-02-02 When it comes to learning statistics Mann delivers the information that business professionals need The new edition incorporates the most up to date methods and applications to present the latest information in the field It focuses on explaining how to apply the concepts through case studies and numerous examples Data integrated throughout the chapters come from a wide range of disciplines and media sources Over 200 examples are included along with marginal notes and step by step solutions The Decide for Yourself feature also helps business professionals explore real world problems and solutions

Indonesia Edimon Ginting, Christopher Manning, Kiyoshi Taniguchi, 2018-02-01 The book focuses on Indonesia s most pressing labor market challenges and associated policy options to achieve higher and more inclusive economic growth The challenges consist of creating jobs for and the skills in a youthful and increasingly better educated workforce and raising the productivity of less educated workers to meet the demands of the digital age The book deals with a range of interrelated topics the changing supply and demand for labor in relation to the shift of workers out of agriculture urbanization and the growth of megacities raising the quality of schooling for new jobs in the digital economy and labor market policies to improve both labor standards and productivity

Sacred Natural Sites Bas Verschuuren, Jeffrey McNeely, Gonzalo Oviedo, Robert Wild, 2012-06-25 Sacred Natural Sites are the world s oldest protected places This book focuses on a wide spread of both iconic and lesser known examples such as sacred groves of the Western Ghats India

Sagarmatha Chomolongma Mt Everest Nepal Tibet and China the Golden Mountains of Altai Russia Holy Island of Lindisfarne UK and the sacred lakes of the Niger Delta Nigeria The book illustrates that sacred natural sites although often under threat exist within and outside formally recognised protected areas heritage sites Sacred natural sites may well be some of the last strongholds for building resilient networks of connected landscapes They also form important nodes for maintaining a dynamic socio cultural fabric in the face of global change The diverse authors bridge the gap between approaches to the conservation of cultural and biological diversity by taking into account cultural and spiritual values together with the socio economic interests of the custodian communities and other relevant stakeholders *PC Mag*, 2008-03 PCMag.com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology *Brand New Justice* Simon Anholt, 2006-08-11 Recently vilified as the prime dynamic driving home the breach between poor and rich nations here the branding process is rehabilitated as a potential saviour of the economically underprivileged Brand New Justice now in a revised paperback edition systematically analyses the success stories of the Top Thirteen nations demonstrating that their wealth is based on the last mile of the commercial process buying raw materials and manufacturing cheaply in third world countries these countries realise their lucrative profits by adding value through finishing packaging and marketing and then selling the branded product on to the end user at a hugely inflated price The use of sophisticated global media techniques alongside a range of creative marketing activities are the lynchpins of this process Applying his observations on economic history and the development and impact of global marketing Anholt presents a cogent plan for developing nations to benefit from globalization So long the helpless victim of capitalist trading systems he shows that they can cross the divide and graduate from supplier nation to producer nation Branding native produce on a global scale making a commercial virtue out of perceived authenticity and otherness and fully capitalising on the last mile benefits are key to this graduation and fundamental to forging a new global economic balance Anholt argues with a forceful logic but also backs his hypothesis with enticing glimpses of this process actually beginning to take place Examining activities in India Thailand Russia and Africa among others he shows the risks challenges and pressures inherent in turning the tide but above all he demonstrates the very real possibility of enlightened capitalism working as a force for good in global terms *The Canadian Style* Public Works and Government Services Canada Translation Bureau, Dundurn Press Limited, 1997-09-01 The revised edition of *The Canadian Style* is an indispensable language guide for editors copywriters students teachers lawyers journalists secretaries and business people in fact anyone writing in the English language in Canada today It provides concise up to date answers to a host of questions on abbreviations hyphenation spelling the use of capital letters punctuation and frequently misused or confused words It deals with letter memo and report formats notes indexes and bibliographies and geographical names It also gives techniques for writing clearly and concisely editing documents and avoiding stereotyping in
